

Campsite Regulations

LIDO TOCE

2021

Regulations for a good living together and a relaxing holiday at our campsite Lido Toce.

Dear Camping Friends,

As soon as you are on our site as a guest, these regulations apply. We are pleased if all our guests follow them and behave fairly. Thank you very much for this!

Arrival and Registration:

Upon arrival, please register immediately at the reception with your valid identity card. All persons travelling with you will be registered by name and date of birth. The registration number of the vehicle is also required for registration. Pets must also be registered. If you have a boat with you, this must also be registered.

Guests:

Day visitors and guests of permanent campers must register at reception upon entry and pay the appropriate fee. The currently valid price list applies.

Dogs:

From 2021, dogs are only allowed in designated areas. Dogs must be kept on a leash. We kindly ask you to inform us in advance if you are coming with your dog so that we can reserve a suitable pitch for you. These pitches are limited and are located in the area between the playground and the restaurant. On all other pitches, only dogs from permanent campers are allowed. Any dirt that may occur, even in front of the barrier, must be removed immediately by the dog owner using a hygiene bag. Walking paths are available outside the campsite. It is forbidden to walk dogs on the campsite. The beach area, the sanitary facilities and all common areas are strictly forbidden for dogs.

Vehicles:

Cars and motorbikes must be parked next to the tent or caravan in such a way that they do not obstruct traffic or neighbours. Only one car is allowed on each pitch. For additional cars, the parking space in front of the barrier is available. We kindly ask you to indicate this at the reception. You will then receive a parking ticket which has to be visibly attached to the windscreen.

In general, a walking speed of 5 km/h applies on the entire campsite. All roads and paths must be kept clear day and night for emergency vehicles. When reversing, you must be instructed by a person.

Oil changes and washing of cars and caravans are prohibited on the campsite grounds.

Campsite Regulations

LIDO TOCE

2021

Regulations for a good living together and a relaxing holiday at our campsite Lido Toce.

Boats:

Watercraft must be registered at the reception. You will be provided with a numbered buoy for your stay, subject to availability and at a charge. The guest has no right to a buoy place. The use of the buoy is at your own risk. The buoy number will be assigned to you at the reception, a change is only allowed with permission.

The boat must be covered by liability insurance, which must be presented to the campsite operator on request. We also strongly advise you to take out insurance against natural disasters for your watercraft. All motorboats longer than 2.5 m require a local licence plate according to law no. 19/1997 article 4 amended by law no. 203 dated 15.11.2011.

The licence plate can be applied online in advance or directly at the address below.

Provincia del Verbano Cusio Ossola, Via Industria 25,
28924 Verbania (VB),
www.provincia.verbano-cusio-ossola.it

We kindly ask you to observe the regulations of the boat regulations! We will hand out the boat regulations on arrival and oblige you to observe them and always carry them on board.

It is forbidden to leave boats, dinghies, stand-up paddling etc. on the beach.

With the reservation of a buoy, the above conditions are automatically accepted.

Children:

Children under the age of 18 must be supervised by their parents or by an authorised adult while on the site. The playground is only for children up to the age of 12. Use of the playground equipment is at your own risk.

Domiciliary Right

The campsite management is entitled to deny admission to persons or to expel them from the site if the maintenance of safety and order is not guaranteed.

Violations of the campsite rules entitle the campsite to immediate expulsion. In this case, payment for the stay is due immediately and there is no entitlement to a refund of any fees already paid.

Use of the campsite and its facilities is at your own risk. We are not liable for burglary, theft, storm and weather damage as well as flood and fire damage caused to guests, their relatives and visitors.

Campsite Regulations

LIDO TOCE

2021

Regulations for a good living together and a relaxing holiday at our campsite Lido Toce.

Rest Periods:

Silence and relaxation is one of the most important factors during a holiday. Therefore, we ask you to observe our rest periods, which are from 10 p.m. to 8 a.m. During these times, there is an absolute ban on driving on the campsite, and it is also forbidden to throw glass into the glass container during this time. Radio and television as well as similar devices may only be operated at room volume.

Waste:

Waste must be disposed of separately in the rubbish bins provided at the waste station. The disposal of bulky waste is strictly prohibited on the campsite.

Sanitary facilities:

Order and cleanliness are self-evident obligations of all campsite users. Therefore, we ask you to leave the sanitary facilities and common rooms clean and tidy. Children under 6 years may only use the rooms if accompanied by an adult.

Disposal of Sewage / Dirty Water:

There is a disposal station for waste water from mobile homes and caravans on our site. Please discharge your waste water there accordingly. It is not permitted to empty the waste water tank between 22:00 and 08:00. Dirty water, rinse water and waste water from cooking must not be emptied onto the lawn, onto trees or into sewer shafts. It must be emptied into the drains provided for this purpose. Discharging faeces is prohibited. Chemical toilets are to be disposed of in the sink at the camping building.

Barbecue:

Barbecues are permitted if there is no danger or nuisance to other holidaymakers. Open fires are not permitted. Please use a suitable barbecue for barbecuing. The heating material must be completely extinguished by 10 p.m. at the latest. The use of fire accelerants of any kind is prohibited.

Electricity:

The use of a campsite involves many dangers and thus places increased demands on the caution of each individual camper. Cables and electrical equipment must be in perfect technical condition.

Campsite Regulations

LIDO TOCE

2021

Regulations for a good living together and a relaxing holiday at our campsite Lido Toce.

Gas Inspection:

The gas systems and heaters in the mobile homes and caravans must comply with the legal regulations and guidelines of DVGW-G607 and must be serviced regularly by the camper. The campsite operator must be provided with the relevant proof on request. The camper is liable for damages caused by the gas installations belonging to him. Any necessary gas tests can be carried out directly on site for a fee after an appointment has been made.

Other:

Fastenings of any kind, such as screws, nails, wire, etc., may not be attached to trees and shrubs. The tensioning of ropes is prohibited. The railings may not be used for drying purposes.

Last but not least, a request:

Consumption can be reduced everywhere: In showering, washing up, washing powder and electricity consumption and last but not least in avoiding waste! Your efforts help us to reduce costs. In addition, you are making a valuable contribution to environmental protection and the health of us all!
